

FM 2200 – Full Closure

FM 2200 Roadway Rehabilitation and Bridge Replacement Project

Construction on this project began in May for the rehabilitation and widening of FM 2200 and replacement of the bridge at Francisco Perez Creek. FM 2200 will be closed to thru traffic during 2 phases of construction:

1. Rehabilitation of the roadway in front of the Devine Middle School (10 working days) [June 5 – June 16]
2. Construction of the bridge at Francisco Perez Creek. (107 working days) [January 2 thru June 1]

Roadway widening and reconstruction will be done with daily lane closures and one-way traffic control.

Projected project completion: Spring 2025

Beginning on Tuesday, January 2nd, at 7 a.m (FM 2200 Full Closure for Bridge Replacement at Francisco Perez Creek)

FM 2200 will be closed at the Francisco Perez Creek Bridge to all traffic
